DEF CON HDA MANIFESTO

The purpose of the Hackers With Disabilities (HDA) team is to make the DEF CON experience the best it can be within the scope and ability of the DEF CON staff for attendees with disabilities.

All attendees with disabilities regardless of the severity, visibility, permanence or any other factor of their disability are to be treated with dignity and respect as per the DEF CON code of conduct.

All around us every day we see people being denied their basic human rights.
When you see this remember one very important truth :

“WE ARE HACKERS. WE ARE BETTER THAN THAT.”

PROVISIONS FOR DEF CON ATTENDEES WITH DISABILITIES

You may use any wall outlet in the convention area to recharge their assistive devices so long as it can be done safely. DEF CON asks all attendees to allow attendees needing to recharge their assistive devices to have priority to outlets.

You have the option to request a DEF CON Goon to escort you to the head of any registration line or other DEF CON related line.

If you have a personal assistant with you expressly to assist you with your disability please inform registration when you register.

If you have a service animal hotel staff can direct you to the service animal relief area. If your service animal has an accident please inform any DEF CON goon or hotel staff member for assistance.

In every speaker area a number of seats in the front row will be reserved for attendees with disabilities. These will be marked by a DEF CON HDA card. DEF CON asks all attendees to honor these reserved seats or to make seats available as needed.

MASKING

Barring a major change in the situation, we will not check proof of vaccination, but we will keep last year's mask requirement in place for DEF CON 30.

Protecting the community is our first priority, and we want to make sure that everyone is as safe as we can make them. Everyone includes the healthy, the vulnerable and those who have immune compromised loved ones they need to protect.

We know there are people out there who punch down on mask wearers, but who supports them?

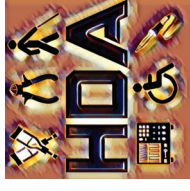

Next time you see a person wearing a mask, throw them the Vulcan hand sign. 'Live long and prosper.' Quietly but firmly support them.
